(0509Pot1)

Under the authority of the Louisiana Environmental Quality Act, R.S. 30:2001 et. seq., and in accordance with the provisions of the Administrative Procedure Act, R.S. 49:950 et. seq., the secretary gives notice that the department is seeking to incorporate substantive changes to the proposed amendments to the Air Quality regulations, LAC 33:111.504 and 509 (Log #AQ246FS), which were originally noticed as AQ246F in the June 20, 2005, issue of the Louisiana Register. This rule is also being proposed as a revision to the Louisiana State Implementation Plan (SIP).

The department has made substantive changes to address comments received during the public comment period of proposed rule AQ246F. On June 24, 2005, the United States Court of Appeals for the District of Columbia Circuit vacated the Clean Unit and Pollution Control Project portions of EPA's December 31, 2002, NSR Reform rule (New York et al. v. U.S. EPA, No. 02-1387). These provisions were removed from AQ246F. Several other unrelated changes were also made in response to public comments.

A strikeout/underline/shaded version of the proposed rule that distinguishes original proposed language from substantively changed language is available on the Internet at www.deq.louisiana.gov under Rules and Regulations.

A public hearing on the substantive changes and the SIP revision will be held on October 25, 2005, at 1:30 p.m. in the Galvez Building, Room 1051, 602 N. Fifth Street, Baton Rouge, LA 70802. Interested persons are invited to attend and submit oral comments on the substantive changes. Should individuals with a disability need an accommodation in order to participate, contact Judith A. Schuerman, Ph.D., at the address given below or at (225) 219-3550. Free parking is available in the Galvez Garage when the parking ticket is validated by department personnel at the hearing.

Written comments regarding the substantive changes must be received no later than October 25, 2005, at 4:30 p.m., and should be sent to Judith A. Schuerman, Ph.D., Office of the Secretary, Legal Affairs Division, Box 4302, Baton Rouge, LA 70821-4302 or to FAX (225) 219-3582 or by e-mail to judith.schuerman@la.gov. The comment period for the substantive changes ends on the same date as the public hearing. Persons commenting should reference AQ246FS in their correspondence. Copies of this proposed regulation with substantive changes can be purchased by contacting the DEQ Public Records Center at (225) 219-3168. Check or money order is required in advance for each copy.

This regulation is available for inspection at the following DEQ office locations from 8 a.m. until 4:30 p.m.: 602 N. Under the authority of the Loui-
siana Environmental Quality Act,
R.S. 30:2001 et. seq., and in ac-
cording with the provisions of
the Administrative Procedure
Act, R.S. 49:950 et. seq., the
secretary gives notice that the
department is seeking to incor-
porate substantive changes to
the proposed amendments to
the Air Quality regulations, LAC
33:III.504 and 509 (Log
#AQ246FS), which were original-
ly noticed as AQ246F in the June
20, 2005, issue of the Louisiana
Register. This rule is also being
proposed as a revision to the
Louisiana State Implementation
Plan (SIP).

The department has made sub-
stantive changes to address
comments received during the
public comment period of pro-
posed rule AQ246F. On June 24,
2005, the United States Court of
Appeals for the District of Co-
lumbia Circuit vacated the Clean
Unit and Pollution Control Pro-
ject portions of EPA's December
31, 2002, NSR Reform rule (New
York et al. v. U.S. EPA, No.

is validated by department per-
sonnel at the hearing.

Written comments regarding
the substantive changes must
be received no later than Octo-
ber 25, 2005, at 4:30 p.m., and
should be sent to Judith A.
Schuerman, Ph.D., Office of the
Secretary, Legal Affairs Division,
Box 4302, Baton Rouge, LA

comment period for the substan-
tive changes ends on the same
date as the public hearing. Per-
sons commenting should refer-
ence AQ246FS in their corre-
spondence. Copies of this pro-
posed regulation with substan-
tive changes can be purchased
by contacting the DEQ Public

Under the authority of the Louisiana Environmental Quality Act, R.S. 30:2001 et. seq., and in accordance with the provisions of the Administrative Procedure Act, R.S. 49:950 et. seq., the secretary gives notice that the department is seeking to incorporate substantive changes to the proposed amendments to the Air Quality regulations, LAC 33:III.504 and 509 (Log #AQ246LS), which were originally noticed as AQ246L in the June 20, 2005, issue of the Louisiana Register. This rule is also being proposed as a revision to the Louisiana State Implementation Plan (SIP).

The department has made substantive changes to address comments received during the public comment period of proposed rule AQ246L. Louisiana's June 20, 2005, AQ246L proposal eliminated "malfunctions" from the definitions of baseline actual emissions and projected actual emissions. Because the state's proposed regulation did not mirror the corresponding federal requirement, the department must demonstrate that such provisions are at least as stringent as the federal rule. With these substantive changes, "malfunctions" will be reinstated where previously omitted, but defined. The federal rule does not define "malfunction."

AQ246LS establishes that for purposes of LAC 33:III.504 and 509, malfunctions shall include any such emissions authorized by permit, variance, or the on-line operating adjustment provisions of LAC 33:III.1507.B and 2307.C.2, but exclude any emissions that are not compliant with federal or state standards. The addition of a definition which clarifies that the only "malfunction" emissions to be excluded are those not compliant with federal or state standards ensures that the state rule is at least as stringent as the federal rule.

A ~~strikeout/underline/shaded~~ version of the proposed rule that distinguishes original proposed language from substantively changed language is available on the internet at www.deq.louisiana.gov under Rules and Regulations.

A public hearing on the substantive changes and the SIP revision will be held on October 25, 2005, at 1:30 p.m. in the Galvez Building, Room 1051, 602 N. Fifth Street, Baton Rouge, LA 70802. Interested persons are invited to attend and submit oral comments on the substantive changes. Should individuals with a disability need an accommodation in order to participate, contact Judith A. Schuerman, Ph.D., at the address given below or at (225) 219-3550. Free parking is available in the Galvez Garage when the parking ticket is validated by department personnel at the hearing.

Written comments regarding the substantive changes must be received no later than October 25, 2005, at 4:30 p.m., and should be sent to Judith A. Schuerman, Ph.D., Office of the Secretary, Legal Affairs Division, Box 4302, Baton Rouge, LA 70821-4302 or to FAX: (225) 219-3582 or by e-mail to judith.schuerman@la.gov. The comment period for the substantive changes ends on the same date as the public hearing. Persons commenting should reference AQ246LS in their correspondence. Copies of this proposed regulation with substantive changes can be purchased by contacting the DEQ Public Records Center at (225) 219-3168. Check or money order is required in advance for each copy.

This regulation is available for inspection at the following DEQ office locations from 8 a.m. until 4:30 p.m.: 602 N. (LAC 33:III.504 and 509)
(AQ246LS) (0509Pot2)

Under the authority of the Loui-
siana Environmental Quality Act,
R.S. 30:2001 et. seq., and in ac-
cordance with the provisions of
the Administrative Procedure
Act, R.S. 49:950 et. seq., the
secretary gives notice that the
department is seeking to incor-
porate substantive changes to
the proposed amendments to
the Air Quality regulations, LAC

33:III.504 and 509 (Log
#AQ246LS), which were original-
ly noticed as AQ246L in the June
20, 2005, issue of the Louisiana
Register. This rule is also being
proposed as a revision to the
Louisiana State Implementation
Plan (SIP).

The department has made sub-
stantive changes to address
comments received during the
public comment period of pro-
posed rule AQ246L. Louisiana's
June 20, 2005, AQ246L proposal
eliminated "malfunctions" from
the definitions of baseline actual
emissions and projected actual
emissions. Because the state's
proposed regulation did not mir-
ror the corresponding federal re-
quirement, the department must
demonstrate that such provi-
sions are at least as stringent as
the federal rule. With these sub-
stantive changes, "malfunctions"
will be reinstated where previ-
ously omitted, but defined. The
federal rule does not define
"malfunction." AQ246LS estab-
lishes that for purposes of LAC
33:III.504 and 509, malfunctions
shall include any such emissions
authorized by permit, variance,
or the on-line operating adjust-
ment provisions of LAC
33:III.1507.B and 2307.C.2, but
exclude any emissions that are
not compliant with federal or
state standards. The addition of
a definition which clarifies that
the only "malfunction" emissions
to be excluded are those not
compliant with federal or state
standards ensures that the state
rule is at least as stringent as the

federal rule.

A ~~strikeout/underline/shaded~~
version of the proposed rule that
distinguishes original proposed
language from substantively
changed language is available

A public hearing on the sub-
stantive changes and the SIP re-
vision will be held on October
25, 2005, at 1:30 p.m. in the
Galvez Building, Room 1051, 602
N. Fifth Street, Baton Rouge, LA

comments on the substantive
changes. Should individuals

Written comments regarding
the substantive changes must
be received no later than Octo-
ber 25, 2005, at 4:30 p.m., and
should be sent to Judith A.
